1. It was learned from residents in the area that a Soviet signal station was located near Darsser Ort lighthouse and that a second signal station was going to be erected there. ~~Both~~ the lighthouse and the signal station were located in a prohibited area which covered one square kilometer and was guarded by patrols. ¹ During the day the prohibited area and the entire stretch of the coast was guarded by mounted people's police patrols and during the night by Soviet patrols.

2. On 25 August 1954, firing practice at floating targets was held all day from the coast near Zingst northwest of Pussik. The battery could not be seen but it was believed that it was emplaced near there, ² because the road between Rueggenburg and Zingst was blocked at a point about 1 kilometer south of the bend of the road and traffic was diverted.
